5. Average time between receipt of manuscript and final acceptance: 165 days (approx. 5.5 months).

6. Average time between acceptance and publication: 123 days (approx. 4.5 months).

7. Papers rejected: 29.17%
 Papers accepted with minor changes: 0%
 Papers accepted with major changes: 70.83%

8. Author evaluation:

In January 2015, we sent a questionnaire (see Annex 1) to the authors of the articles published in the January-April 2014, May-August 2014, and September-December 2014 issues to assess their satisfaction with the referee and publication process. Of the 17 sent, 11 were completed and returned. The results are shown in Annex 2. The results show a high level of satisfaction, with high average scores in all items (8.50 points). The journal had an average overall score of 8.91 points.

9. Improvements made during the report period:

- Changes to the website: index made uniform in the English and Spanish versions; a national flag icon added to indicate the language in which the work is written.
- Authors offered a translation service.
- Planning the monograph "Current Perspectives on Early Care" to appear in the issue May-August 2015.
- The journal was entered in the VI Call for the Evaluation of Spanish Scientific Journals of the Spanish Foundation for Science and Technology. The journal obtained the quality seal and the grade of "Excellent".
