10. Authors evaluation:

In April 2019, the questionnaire presented in Annex 1 was sent to the authors of the issues corresponding to 2018 to evaluate their satisfaction with the referee and publication process. 8 questionnaires have been received from the 6 envoys. Annex 2 presents the results obtained. The results show a high degree of satisfaction with higher average scores in all items to 6,5 points (which refers to the time between acknowledgement of receipt and receipt of the reviewers' comments). The journal has obtained an overall average score of 8,1 points.
